

Sterling Hydrotech Ltd
Environmental Policy Statement
31/03/2011

Sterling Hydrotech Ltd is an ISO 9008:2000 registered water treatment plant manufacturing and service company based in modern facilities in Derbyshire, UK.

Our personnel have many years experience in the installation, refurbishment and service of swimming pool and spa plant across the UK. We place great emphasis in specifically matching our quality products and services to the clients needs. Our philosophy is to offer a problem solving approach by identifying economic and cost effective solutions in a wide range of applications.

Protection of the environment in which we live and operate is part of Sterling Hydrotech's values and principles and we consider it to be sound business practice. Care for the environment is one of our key responsibilities and an important part of the way in which we do business.

In this policy statement we commit our company to:

- Complying with all relevant environmental legislation, regulations and approved codes of practice;
- Protecting the environment by striving to prevent and minimize our contribution to pollution of land, air, and water;
- Seeking to keep wastage to a minimum and maximize the efficient use of materials and resources;
- Managing and disposing of all waste in a responsible manner;
- Providing training for our staff so that we all work in accordance with this policy and within an environmentally aware culture,
- Regularly communicating our environmental performance to our employees and other significant stakeholders;
- Developing our management processes to ensure that environmental factors are considered during planning and implementation;
- Monitoring and continuously improving our environmental performance.

The policy statement will be regularly reviewed and update as necessary. The management team endorses these policy statements and is fully committed to their implementation.
